Summary

Chicken Park sign, with separated colors

[Art & Design](#) > [2D Plates & Logos](#)

Tags: [chicken](#) [jurassic](#) [jurassicpark](#)

Full credits goes to <https://cults3d.com/en/3d-model/art/chicken-park-natcko>

I didn't want to paint this and I didn't manage to change filament color during print, so I just cut the original file in 4 new files.

Just print each file in the right color, a little glue and you're done !

EDIT : If you want to print all parts in one file, I added the original file from <https://www.thingiverse.com/thing:5268877/files>
