[modern](#) [holes](#) [midcentury](#) [cacti](#) [drainage](#) [driptray](#)
[houseplant](#)

This mid-century modern planter is the perfect size for small to medium sized succulents, cacti, or other houseplants. The unique design balances form with function, including drainage holes and an optional, custom-fitted drip tray.

I have posted files for four sizes, small through XL. The pictured planter is the "XL" size.

Small: 3" height, 3" opening

Medium: 4" height, 4" opening

Large: 5" height, 5" opening

XL: 6" height, 6.5" opening

Print Settings I Used:

- 0.2mm layer height
- 15% infill
- Ironing enabled

If you like this design, consider leaving a tip! I'm a university student that designs planters on the side, so anything helps!
