## Summary

A simple 3 tier pen holder

[Household](#) > [Office](#)

Tags: [holder](#) [pen](#) [penholder](#)

A simple holder for three of your favourite pens, pencils or markers.

The model should be printed upright for no supports, you can then keep the X/Y values as they are and increase or decrease the Z value to make it longer or shorter depending on your preference.

The default Z value will be 50mm which I think works well and keeps the print time down.
