“I have way too many pens, pencils, markers, small tools, and other assorted things that I jam into vase mode prints around the house”

The solution to this problem is not to make an even bigger cup than the current one you use but to get rid of all the redundant pens you have lying around! **Less is more!**

Therefor this easy to print minimalistic design to hold 4 of your favorite pens (a fountain pen, pencil, ballpoint and Sharpie is all you need, really).

Happy printing and good luck cleaning your desk!
