This is a small wallet which can hold all your cards.

Here are a few explanations on how to make it.

To print:

recommended print bed: textured (for the better look)

tip: print the first layer slower

The elastic band can be bought at almost any sewing corner or can be ordered online. A 25 mm wide elastic band is best.

With the first version I had no RFID protection. Here you could put placeholder cards with RFID protection. They consume significantly more space.

for example: (https://www.amazon.de/Schutzhüllen-Kreditkarte-Personalausweis-Reisepass-Bankkarte/dp/B01D8XUWBM/ref=pd_bxgy_img_sccl_2/262-7133448-9024360?pd_rd_w=5pSzM&content-id=amzn1.sym.d73f5cbf-8a37-4392-ae93-64a1b1ea1887&pf_rd_p=d73f5cbf-8a37-4392-ae93-64a1b1ea1887&pf_rd_r=62CWMKABVK65WK18SKDY&pd_rd_wg=FkbdR&pd_rd_r=f678-4910-97c7-7010fec7e1ff&pd_rd_i=B01D8XUWBM&psc=1)

With the second version I have a RFID protection foil with double-sided tape stuck in. I have removed the foil from a card holder that I got as a gift from the bank.

With this version I had the problem that the holes were throughout the print and because of that dirt hung on the other side of the foil after a while.

In the third version I made another 2 layers in between so that the dirt does not stick.

Have fun with the wallet.
