Your minimalist 3D model of an Easter egg with bunny ears combines traditional Easter aesthetics with a modern, streamlined design. The egg's simple and elegant form is subtly enhanced by the addition of understated bunny ears, imparting a playful touch without disrupting the clean lines. This subtle blend results in a timeless decoration for the Easter season.

Recommended Print Settings:

- **Material:** depending on the desired surface finish and durability.
- **Layer Height:** 0.2 mm is totally fine
- **Infill:** doesn't matter, it is optimised for printing without infill
- **Supports:** not necessary

Please note that specific settings may vary based on your 3D printer and chosen material.

This design serves as an excellent, understated Easter decoration, suitable as a table centerpiece, window adornment, or a special gift for friends and family. Its simplicity allows for versatile use, seamlessly integrating into various interior styles.
