Protect your valuable floppy disks with this durable 3D printed disk case. This case was designed to be easy 3d printed without the need of support or extra hardware, the minimalist design means a easy print and no waste.

The case has spacers to allow disk separation and easy organisation.

This case is designed for 3.5 inch disks.

For the hinge it uses pressure fit clips and you need to print 2 males and 2 females.

Capacity is around 30 disks.
