This is a desk hook I designed to hold my laptop bag at work.

What makes it convenient is that it fits on multiple desk sizes not just one. That way you can put it in your bag and use it wherever you are.

What makes it convenient is that it fits on multiple desk sizes not just one. That way you can put it in your bag and use it wherever you are.

Increase the amount of perimeters to increase the strength. If you're putting something heavy on it you'll want to make sure to use a strong filament like PETG.
