HOW DOES IT WORK?

Simply turn the rollers and a cool pattern will emboss on your card.

HOW MANY PARTS?

The whole system consists on 4 prints:

- Body_cap1
- Body_cap2 or body_cap2_tigther_tolernaces
- Roller_a
- Roller_b

Of course you can print 1 single body and swap rollers, they just pressure fit.

REQUESTO YOUR LOGO: We can make the embosser with your own logo!

PRO TIP: Use it not only on business card, get creative and make other awesome pieces of art.

UPDATE: (added body_cap2_tighter_tolerances for pleople who needs a tigther fit)
