Introducing the Modern Torus Tealight, a stunning fusion of form and function. Crafted in the iconic torus shape (I live up to my user name), this tealight exudes contemporary elegance. Intriguing extruded lines adorn its surface, adding depth and dimensionality to its sleek design.

Elevate your décor with the Modern Torus Tealight and experience the perfect harmony of modern aesthetics and subtle sophistication.

### Print settings

0.2mm layer height works well with 15% infill and Gyroid fill pattern.

**For security purposes, please ONLY use LED tealights over real ones. This model HAS NOT been designed to hold REAL Candle tealights!**

Enjoy!
