To print this model i used supports only for boxes.

Max dimensions 100% scale:

\*Type A

- Height - 60mm (without bow) / 118,5mm (with bow)
- Width - 99mm

\*Type B

- Height - 60mm (without bow) / 84mm (with bow)
- Width - 99mm x 189mm

All printed on 0.20 layers.

You have to use glue only for strips but i recommend use also on top on 2 bow connections, sometimes when i was using lock, they were falling out.

If someone printed this model, give me feedback if you can because this is one of my first prints :)

Have fun! :)
