This is a 3D printable STL file, not a physical item.

This Flexi Bee is an articulated, print-in-place model that requires no support. Print and glue the wings to their locations.

3D PRINTING SETTINGS

Super easy printing

No support (adding support will hinder functionality)

On-site printing (no assembly)

20% filling

I always like to use 3 walls

PLA works great

Make sure you have good adhesion for smaller parts.
