This model has been submitted to the **Prusa Printers** tabletop games contest! Just to show it fits the Criteria its:

1. **Printability:** Been printed in FDM and resin. Here is a gallery of my patrons who have printed it in both materials: <https://imgur.com/gallery/FWBEdzp>
2. **Originality:** Its a Hydra... made of Goose heads :D
3. **Popularity:** Its got that lil start on it so it was def a hit ;)
4. **Your other works:** Given I've submitted hundreds of models to this site you can pick any of my others if you wish :)
5. **Assembly Instructions:** You just print this baby as is and go from there. There is a size marker too if you want to glue that on separately.

I personally printed this fella in FDM and as you can see by the pic I'm very happy with the results. Good luck to this glorious fella :D
