Tags: [minecraft](#) [minecraftcreeper](#) [minecraftfigures](#)

This is a simple model of the mini-Creeper figure. The head and body print separately, without needing supports, and push together. The head can then rotate. Depending on the printer, you may need to lightly sand the neck posts to fit the head properly. The eyes and mouth can be painted or colored in when done.

I've also created a [Creeper Anatomy](#) figure at the same scale.

Print instructions Category: Creatures Print Settings

Printer Brand: Prusa

Printer: i3 MK2.5

Rafts: No

Supports: No

Resolution: 0.2mm
