This is a remix of Cat Stretch by billyd. I used Meshmixer to reduce the mesh and create a voronoi pattern. I scaled it to 125% and printed it like that.

If you would like to donate, please do it to the author of the original model as he created this statue, I just remixed it. <https://www.thingiverse.com/billyd>

Print Settings

Resolution:

0.2mm

Notes:

It's best printed with a raft and add manual supports to only to the parts close to the bed (if your slicer supports it).

Post-Printing =====

Unfortunately, you will have to do a little bit of clean up at the undersides of the overhangs.
