Tags: [card](#) [case](#) [openscad](#) [organizer](#) [sd](#) [sdcard](#)

A remix of [my remix](#) - a simple SDCard/SD Card case to help you stay organized.

Although I really like the label “flag” a lot of folks thought it was superfluous, so here is a version without the flag. Nice and minimal and will still protect your SDcard.

Feel free to download and muck w/ the OpenSCAD file. Customizer options to add the flag and keyhole.
