NSFW

April from TMNT

Another conversion of LtsTry's art I made.

Height color map:

0-0.5 mm = White

0.5-1mm = Grey (shadows)

1-1.5mm = Yellow/Gold

1.5-2mm = Brown

2-2.5mm = Black

I recommend pre-slicing the Gcode and finding the layer numbers instead of using height for the pause code. Use high quality (0.1 mm layer height) and print thin lines for best results.

Original artwork by <https://twitter.com/ltsTry>

I do not have rights to the image, any commercial use should go through the original artist LtsTry.
