Tags: [box](#) [filament](#) [lid](#) [swatch](#) [sample](#)

I was always looking for a box for my filament swatches, but all the ones available weren't what I really wanted. So I created my own from scratch.

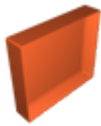

It's an ultra compact box for 27 swatches with a lid which is originally designed for swatches from dennisheeren (<https://www.thingiverse.com/thing:4907546>).

But it can be easily adopted to any other filament samples.
