Designed for filter coffee, this coffee scoop ensures you get the perfect amount of coffee grounds every time. The 7-gram measurement is a standard amount for a single cup of filter coffee. The long handle makes it easy to scoop from deep containers without making a mess. Additionally, the scoop features a convenient hanging loop at the top of the handle for easy storage.

Length: **187mm**

Filament cost: **19 g**

Nozzle: **0.4mm**

Layer Height: **0.2mm**

Infill: **15%**

Ideal with durable **PLA+**

Model printing time approximately **45min**
