Summary

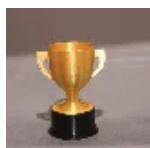

I remixed Nathan's trophy to flatten an area on the trophy base to be customizable.

[Costumes & Accessories](#) > [Props](#)

Tags: [cup](#) [trophy](#) [customizable](#) [custom](#) [text](#)

I adjusted Nathan's model to add a flat plate to the base so text can be added (ex. Award/Name). To do this use the text command in Prusa Slicer to customize this area with your own text and or font! I have also supplied the FreeCAD file for anyone's use like Nathan did with his original model.

This remix is based on

Trophy

by Nathan Dumont
