Summary

A Christmas Tree Ornament for a Christmas Tree :P

[Seasonal designs](#) > [Winter & Christmas & New Year's](#)

An easily printed Christmas tree ornament that I designed on Tinkercad.

Like, comment, or post a make. Any issues with the print, just put it in the comments.

Also: You might want to scale the ornament down a bit, depending on your printer. Personally, I printed it around 60% of it's usual size and decreased the Z height for a quicker print. However, I'd advise leaving it thicker to make a sturdier print. Happy printing!
