### Summary

Hungry Simon's cat who will eat your savings.

Found one coin bank of this famous cat, but it had a slot for coins in-between his ears and was completely hollow. What a missed opportunity. So I made this one, it has one internal chamber for all your savings. You can put them inside his mouth - bigger coins can go besides the tongue. Its made as multi-part print to avoid painting. Tongue is a little bit tricky to glue in, but it works :)
