Summary

Blew up an intercessor head and added a hole. Super simple.

This is a remix of a free model, but unfortunately I lack the author's information and am unable to assign proper credit. If it's yours, please add a comment and I will credit!

Blew up an intercessor head and added a hole. Super simple. The top edge is admittedly sharp, and the nape of the neck sucks. I do intend to improve the design and create more, but I don't have a timeline.
