### Summary

Basic models that work great for generic pillar or columns in any table top RPG game using 1 inch squares or hex.

[Tabletop Miniatures](#) > [Props & Terrains](#)

Tags: [terrain](#) [props](#) [prop](#) [pillars](#) [column](#) [pillar](#)  
[columns](#)

Designed to have no overhangs of greater than 45 degrees.

I printed in 0.3mm layer height and prints still turned out great.

Used at terrain and cover in our table top RPG game. Including both full and ruined pillars.
