Summary

I remixed a original design to add little more height and a place to keep the cable

[Gadgets](#) > [Video Games](#)

Tags: [wallmount](#) [headphoneholder](#) [controllermount](#)

Nothing more than addoing some height and Cable holder. Rest is same as original creator. I tried hanging my ofce bag that has macbook pro 16 + mechanical keyboard + charger and the headphonne mount is doing goood.. It will take a lot of weight

This remix is based on

Controller and Headphone Wall Mount
