This woven organizer was designed to pair with my [Woven Pencil Holder](#), but can also be used as a stand-alone unit. I originally pictured this sitting on my desk, holding everything that didn't fit in the pencil holder. But as I designed it, I thought to use it for tools, sitting next to my printer or just to hold my spare Szechuan sauce!

The size of this model was very intentional. It was designed to fit on my Prusa Mini at a 45 degree angle. This size allows many more people to enjoy the organizer since it will fit on almost any bed size.

For best results, print using a 0.2mm layer height. The majority of the print will be perimeters. Because of this, infill is not necessary.

2 versions

One with dividers and one without dividers

The filament used in the pictures above is polymaker PolyTerra Army Beige PLA
