[ruggedcase](#) [strong](#) [survival](#) [trekking](#)

introducing **"TANK"** the small but heavily rugged capsule/container for any kind of outdoor usage.

waterproof against rain when using O-ring with dimension 3.5mm x 31.7mm (ID). I have included some STL- file of such ring for reference but if available buy it from your local hardware store.

- 0.2mm Layer
- 2-3 shells for rigidity
- infill ~30% or more
- cap need support
- PLA/PETG/ABS
