Summary

I needed a stand to fit a tablet with case on. Many are made to support a tablet without a case. This one handles both.

This lightweight tablet stand will support your tablet in landscape or portrait with or without the case on. I've tested with an iPad pro 11 inch and Android 10 inch tablet.

I would suggest printing with the following settings:

- 15% infill
- 5 perimeters
- 0 top layers and 0 bottom layers
- Honeycomb infill

13.7g very easy print
