Summary

Thin, flexible deck box that holds 120 cards in sleeves or a Deck, Sideboard, and Token Holder.

I designed this deck box to hold a Star Wars Unlimited Deck, sideboard, and token holder for when going to tournaments. It's also large enough to hold a Commander Deck for Magic. It's thin enough to be flexible and the top can be put on either way since they're square. Easy to print and doesn't use much filament. Top slides onto the bottom easily and the cards are easy to grab with the open sides.
