set

Pass these coins out to your players to reward them for playing their characters well in your game! This makes inspiration fun for the DM to hand out, and fun for the players to cash in on that big roll where advantage may turn the tides of the encounter.

Pause at layer height with M600 to swap colors to achieve a multicolor print!

If you like these coins and would like to purchase some for yourself, please check out my Etsy store here: <https://www.etsy.com/listing/1115196400/dungeons-dragons-inspiration-coin-set>
