Summary

Easy to print and versatile bottle dryer for a large range of bottles

[Household](#) > [Kitchen](#)

Tags: [bottle](#) [dryer](#) [rack](#) [nalgene](#) [waterdrop](#) [truefruits](#)

I wanted a bottle dryer for all my various bottles and thermos flasks, that collects the dripping water so I can place it wherever I want without making a mess. This is what I came up with.

Prints with various settings, does not need support.
