Summary

Simple candle holder for advent wreath using a nail

[Seasonal designs](#) > [Winter & Christmas & New Year's](#)

Tags: [holder](#) [support](#)

Simple candle holder for advent wreath using a nail. My asked for this so made a quick design. The hole for the nail is pretty small. This is intentionally, hat up the nail and push it through the hole. The nail should now have an tight fit. Glue shouldn't be necessary.
