These simple cat and dog device stands are a quick print (2-3hrs) and a fun addition to any animal lover's desk. The device holding portion of them (tail/lower back) are identical so they can be mixed and matched (dog/dog, cat/cat, dog/cat)

They should accommodate most phones/tablets/e-readers that don't have a bulky Otterbox style case on them. They will support a full size iPad, although in portrait orientation it could be a little top heavy. Smaller devices may only need one of the stands instead of a pair.

**FOR BEST RESULTS, STANDS SHOULD BE ORIENTED LAYING ON THEIR SIDE**

Designed using OnShape.

Happy printing and please share any makes!
