Summary

Hexagonal pot for seedlings and small plants.

[Household](#) > [Outdoor & Garden](#)

Tags: [pot](#) [plant](#) [flowerpot](#) [seedling](#) [seedstarter](#)

This 7cm hexagonal pot is ideal for growing seeds or small plants. Its side slots allow for aeration and prevent root circling by air pruning.

Putting the plug into the pot allows for easy removal of the plant without damaging the root ball. Insert the plug into the pot with the ring facing downwards.

When not in use, the pots can be stacked to save space.

The saucer and tray have guides on their sides to ensure that the pot is stable and centered, making it easy to arrange multiple pots and trays in a neat and organized manner.

—

Recommended printing layer height: 0.2mm

—

Available models:

- pot
- plug
- saucer
- 2-by-2 tray
