Designed to fit the Micro-Mesh 9-pack 2x2" foam sanding pads

<https://www.amazon.com/Sanding-Stopper-Polishing-Perfect-Materials/dp/B000H6EC4C/>

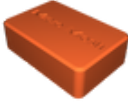

In the photos section, you will find a png file that is set up to print on sticker paper using a Cricut or similar machine.

I have also included PDFs of the insert for US Letter and A4 Paper Sizes. However you print/cut them, the final size of the insert should be around: 2.25 in (57.25 mm) x 3.45 in (87.75 mm)

## Model files

**micromesh-box-base.stl**

**micromesh-box-lid.stl**

## Other files

**micromesh-info-insert.pdf**

☐ Insert card - US Letter - Suitable for printing on full sheet labels

**micromesh-info-insert-a4.pdf**

☐ Insert card - A4 - Suitable for printing on full sheet labels
