Screw mount wall and desk hangers designed for Duramax stackable storage bins. Duramax is a brand sold by Canadian store Dollarama.

Parts are designed to be mounted with countersunk #8 screws. There are two models available, one short and one long. The long model is designed to provide more support preventing the back from bending or if choosing to stack the bins.

The hangers have been designed to not block the stacking holes which means bins can be stacked on-top of the lowest bin.
