Summary

Oval shaped bee/ insect hotel with printed guard plate for protection against predators.

[Seasonal designs](#) > [Summer](#)

Tags: [printable](#) [summer](#) [insect](#) [nature](#) [beehotel](#)
[insecthotel](#)

Oval shaped bee/ insect hotel with printed guard plate for protection against predators like birds.

Model can be printed in 1 or 2 sessions. When printed in one session you'll need supports for the clips of the guard plate. When printed in two sessions just glue the parts together with hot glue or Gloop.

Guard plate has to be printed separately.

Best material to print the model is with PETG or ASA. Print with 4 or 5 outer layers in case the model is hanging in a place where it may get wet.

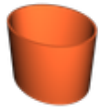

Information about the model;

- Total length: 210mm
- Outer height: 200mm

- Outer width: 160mm

Maximum length of the sticks that will fit inside the hotel is 120mm.
